Q:

I have a question regarding the budget for Grant and training support strengthening capacities of CSOs advocating for youth.

Is the sum of 14 000 euros in total (our contribution to be counted in it), or is it 14 000 euros granted by Youth Bank Hub for Western Balkan and additionally we contribute 10,10% to this amount?

A:

The Contracting Authority will fund maximum 89,90% of the total project budget through the YBH project. Each applicant should provide a minimum of 10,10 % contribution to the project.

If the total project budget is the maximum of 14,000 Euro, the minimum own co-financing required from the applicant should be 1,414 Euro counted within the 14,000 Euro. Contracting Authority is covering 12,586 Euro and the participant is contributing with 1,414 Euro.
